E-TOLL SURCHARGE ON CARTAGE RATES IN GAUTENG

The government's ratification of the controversial e-tolling systems on many routes in the Gauteng has inevitably resulted in increased costs to truck owners and logistics service providers.

Because of that Berry & Donaldson has no choice but to implement a 1.5% surcharge on our cartage rates in that area.

This surcharge will be in effect from 1 March 2014 and will be reflected as a separate line item on your invoice, calculated as a fixed percentage on cartage tariffs and separate from any fuel surcharges that are applicable.
